Dear Curtis,

I want to thank you for your help in getting my Offer in Compromise on my income tax resolved. Your expertise and patience were exactly what I sorely needed. I am very relieved to have gotten straight with the IRS. It was getting to a point that the worry was affecting me in just too many ways. I will highly recommend your services to others that need to have intervention with the IRS, an entity that scares most of us to death.

Enclosed is my check. Thanks again.

Sincerely,
