Dear Curtis:

I would like to take this opportunity to say thank you for all you have done to guide me through what I was convinced was a nightmare...the nightmare of owing back taxes for many years.

When I found you on the Internet, you were the one who stood out among the rest. You were the one who emailed me back and said "come speak to me, I believe I can help." I was skeptical, hesitant and frightened.

My first meeting with you convinced me you were the one. You came across as extremely calm, knowledgeable and above all - honest. That was exactly what I was looking for.

I had been to several other "tax people" who "assured" me "pennies on the dollar," "you won't have to pay anything" and "just file bankruptcy." I'll not go on. I never took stock in those comments.

You explained the process, you mapped out your plan, my options; you kept me informed at every turn in the road. You went out of your way when we hit snags and you persevered, and we made it through.

I will be forever grateful to you in helping me free myself from the chains of unpaid and neglected taxes. I will always remember your honesty, your sense of humor and your guiding hand.

Thank you from a very grateful, and now tax debt-free client.

With sincerest regards,
